

Firestone Farm, Caledon

Location: Caledon

Price: \$3,450,000.00

FIRESTONE FARM, CALEDON

One of the prettiest horse farms in Caledon. Charming 1857 stone residence with main floor master addition. The long tree-lined drive and gently rolling landscape encompassing 50 acres offers total privacy. The stable complex was built by Dutch Masters with the most recent isolation/breeding barn being completed in 2008. Both indoor and outdoor arenas have state-of-the-art fibre footing. Acres of cedar railed paddocks. Swimming pond. Clay tennis court.

Main House:

Main Floor:

Main floor master addition completed in 2005. The master wing design complements the main house with cathedral ceilings beamed with century hand-hewn beams, 5 piece en suite bathroom with heated floors, walk-in change room plus loft office. Steam shower in master bathroom. Floor-to-ceiling stone fireplace along the west wall of the master suite. Wet bar with stone counter. All stone floors in the master suite are heated. The master wing is joined by a long light-filled glass breezeway with heated stone floors. This breezeways acts as a large mud room. Pot lights

MOFFAT DUNLAP

REAL ESTATE LIMITED

Moffat Dunlap Real Estate Limited, Brokerage - 16630 Dufferin Street, King City, ON L7B 1K5. - Tel: 905-841-7430 - info@moffatdunlap.com - www.moffatdunlap.com

Open concept kitchen and dining area with large centre island, wide board antique floors, beamed ceiling, fireplace, custom window benches plus several walk-outs to the wrap-around porch and outdoor screened dining room. Pot lights

Large living room with fireplace, window bench and a walk-out to the west facing outdoor dining room. Tall beamed ceilings. Custom millwork and wide board antique floors. Pot lights.

Second Floor:

4 bedrooms all with views and 4 piece bathroom

Third Floor:

2 loft bedrooms, ample storage space and 4 piece bathroom

Lower Level:

The lower level includes a 2 piece powder room, pantry, laundry room, utility room and a finished recreation room which would make a wonderful wine cellar with exposed stone walls! Tiled floor has in-floor heating.

Stable Complex

The original bank barn was redone and dramatically expanded under the masterful eye of Dutch Masters Construction in 2005. The main barn has 25 stalls, wash stall, grooming stalls, attached insulated arena with fibre footing, tack rooms, over-sized laundry room, 2 large offices, bathroom, feed room, supplements room, 2 outdoor wash stalls and plenty of storage space. Outdoor ring with top-of-the-line fibre footing. Large hay loft. Shaving storage and manure storage area surrounded by large hedges and fully compliant with current Nutrient Management Act requirements.

Breeding Barn/Quarantine Barn

This barn is fully insulated with soaring panelled ceilings was completed in 2008. Attached breeding shed with rubber flooring & drain, dutch style doors plus truck door. 4 over-size stallion stalls, office, tack room, heated wash stall, plenty of ceiling fans.

Paddocks & Hot walker

Arrayed around the farm are 15 grass paddocks of various sizes, 4 run-in sheds & 5 all-weather paddocks. Large hot walker. Many paddocks are serviced by underground self-draining water hydrants. All paddocks are constructed of smooth rolled cedar rails.
